

Joining our Tournaments

If you are not familiar with Tournaments go to the following website and also watch the 8min23sec video by Pete Hollands – link is on this website:

<https://blog.bridgebase.com/2020/03/09/new-to-bridge-base-online/>

All the details for logging into the Tournament are outlined in the document and Pete's video gives you valuable information about alerting, calling the director, viewing the tricks and understanding the screen.

Enter the tournament 1 hour before the start. Then log off and back on 10 mins before the start.

Competitive -> Free Tournaments Host: Pelepele **Click on title of the tournament to register. Make sure it is the correct tournament title.**

When you register, your partner must also be online. If you or your partner is **blocked** private chat Anne (Rusty66) or Jill (Jillian 25) or Phoebe847. You will have added us as your friends so we will appear in your list of people online and you click on our name and send a private message.

Make sure you check the **Entries** to confirm you have entered.

If you do not have a partner – go to the partnership desk and find a partner or add your name.

We are all learning, so please do not hesitate to call Director for anything.

Enjoy the experience and your feedback comments will be valued.

Cheers

Anne (Rusty66) and Jill (jillian 25)
